MOST ADVANCED WATER LEVEL CONTROLLER

OM LEVELMAN

Say goodbye to manual pump operation with the Water Level Controller, a smart device that makes your water pump fully automatic. The controller ensures that your pump starts and stops on its own, depending on the water levels in the tank. This means no more overflows, no more dry runs, and no more wasted water or electricity.

Built with multiple sensor options, including probe sensors including SS sensor, Carbon Sensor, this controller offers reliable, safe, and maintenance-free performance for homes, apartments, and commercial buildings.
